About

Claudio Pezzella, **Communication Design graduate** at the **Politecnico di Milano University**; graduated with a thesis on the importance of facial recognition in modern design, with Francesco Guida as supervisor in **2017**.

He's been working in the graphic design environment since 2010, and has recently been working as a **videomaker** and **project manager** for several companies (i.e. **Electrolux** and **Bandai Namco Entertainment Italy**).

With a big passion for everything technology related, he has great knowledge of the **Adobe Creative Cloud Suite** (Photoshop, Illustrator, Indesign, After effects, Premiere), great **communication and teaching skills** (both in his native language and in English), and is proficient in **3D animation** (3D Studio Max, Blender), **videomaking and photography**.

In compliance with the Italian legislative Decree no. 196 dated 30/06/2003, I hereby authorize you to use and process my personal details contained in this document.
